## Find us.

The good news is, finding us is easy. Leaving Brighton on a crisp sunny day is another story...

**From the station**  
A 15 minute walk (10 if you're keen).

Exit the front of Brighton Station (resisting a croissant from Upper Crust) and head straight down Queens Road. You'll pass the Queens Head and the Hope on your right and if you're still standing, look out for the large Clock Tower in front of you. Now turn left at Boots onto North Street and walk all the way down until you see a NatWest on the left. We're opposite the bank, between COS (fashion) and Gunns (flowers). Look out for our buzzer and come to the second floor.

Alternatively, you can always grab a cab outside the front of the station or jump on the number 7, 12 or 14 bus which takes you almost to the bottom of North Street.

### Driving

Head South along the M23 and A23 which will take you into the centre of Brighton. There's no parking outside our office, but there are several paid car parks nearby. The nearest are The Lanes car park on Black Lion Street (BN1 1ND) and the NCP on Church Street (BN1 1US). Alternatively, find a space on Madeira Drive along the seafront and take a 20 minute stroll to our offices. Use Google maps to get walking directions from a specific post code and you're here! We'll stick the kettle on...
